

Textile Shop Worker - Supporting Financial Profile

Demo Applicant ID	DEMO-TEXTILE-001
Observation Period	January-June 2026
Income Source	Regular employment at a textile retail shop
Income-source tenure	5 years

Income Evidence

Monthly wages are approximately INR 36,000-37,000 with limited variation across the demonstration period.

Recurring Financial Obligations

Recurring household expenditure includes rent, groceries, utilities, transport, household costs and mobile connectivity.

Payment and Transaction Behavior

The synthetic profile shows regular wage receipts and relatively stable recurring expenses across the six-month period.

Cash-Flow Observation

Income exceeds monthly expenses throughout the demonstration period, producing a moderate and consistent positive surplus.

Transparency Note

The document provides supplementary synthetic evidence about financial behavior. Employment category itself is not used as a direct credit-risk conclusion.

Responsible-use notice: This synthetic document is created solely for prototype demonstration. It does not contain a lending recommendation, approval/denial decision, or independently calculated credit-risk score.
